

TREE CANOPY

in Idaho's Treasure Valley

Tree Canopy Benefits

Treasure Valley Tree Cover

Tree cover averages 10% of total land area in the Treasure Valley. Garden City and Boise have the highest canopy cover at 20% and 16% of total land area, respectively.

Trees and open space have shown to significantly decrease or prevent childhood obesity. Neighborhoods with urban tree canopy show lowered BMI (body mass index) in children.

Air Quality and Tree Cover
